PUBLIC HEALTH INSURANCE ENROLLMENT ASSISTANCE FOR THE AGED, BLIND & DISABLED (ABD) POPULATION

If you are over 65, living with a disability, blind or visually impaired, we can help you apply for Medicaid and the Medicare Savings Program.

Our Facilitated Enrollers speak many languages and understand your needs. They are located at sites that you trust in your community and can answer questions you may have over the phone. An enroller can also come to your home if you can't come to us because of a disability. They will walk you through the sign up process step by step and will help you:

- Complete your application
- Submit your application to HRA for a decision
- Follow-up on your case
- Assist with Medicaid renewal

If you are turning 65 within the next 3 months or you are 65 years of age or older, you may be entitled to additional medical benefits through the Medicare program. You are required to apply for Medicare as a condition of eligibility for Medicaid. We can help! We have trained Medicare counselors that can provide you with free assistance in applying for Medicare. Call **1-800-517-6670** for more information.
